

# TrimTop™

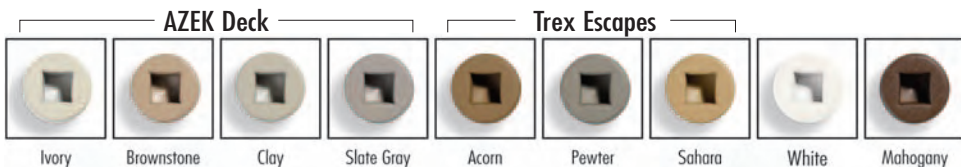

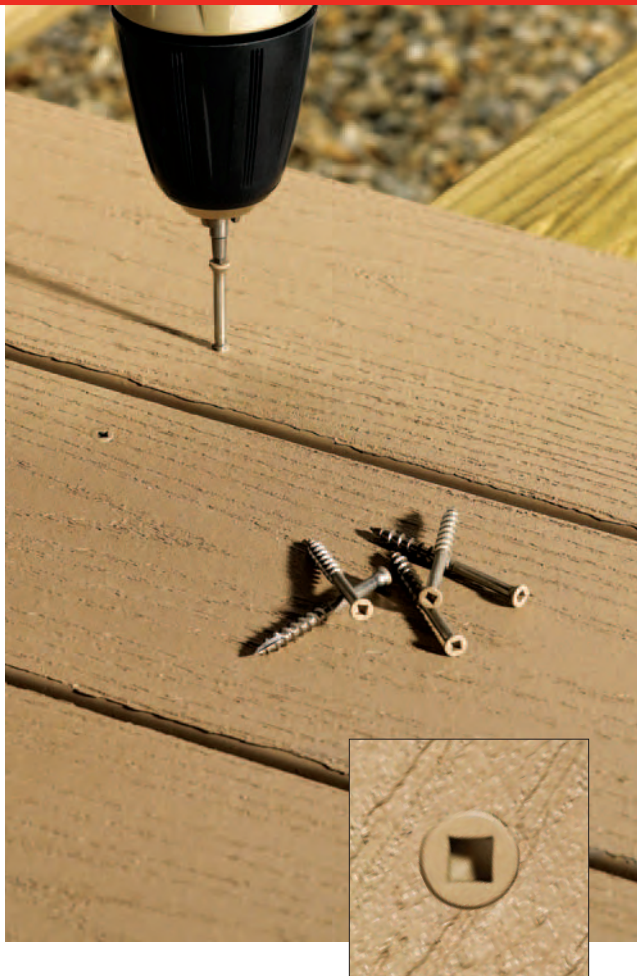

STAINLESS STEEL COATED TRIM SCREW

Introducing the FastenMaster TrimTop line of stainless steel head painted trim screws. Color matched for AZEK Deck, Trex Escapes, mahogany decking and white trim.

- Sharp type 17 piercing point
- #8 gauge
- Deep square drive
- 305 Stainless offers guaranteed corrosion resistance
- Available in 75, 350 and 1050 piece packaging

No predrilling needed with cellular PVC decking or trim like AZEK or Trex Escapes. (It is always recommended to predrill ends of boards.)

Predrilling is required with hardwoods. Use a  $\frac{1}{8}$ " drill bit for the pilot hole with countersink.
